

A Life Well Lived Is Worth Remembering

Where will your loved one's ashes go when you are gone?

After cremation, many families need time to think about disposition of cremated remains. Southlawn Cemetery offers an affordable place to visit and remember your loved one. It is a respectful and helpful place to mourn and honor for generations to come. If Southlawn Cemetery is not geographically suited to your needs, we are still available to help wherever your heritage may be.

♦ Burial:

Southlawn allows two cremations on one grave, and does not charge a 2nd right of interment, as most cemeteries do. The cost for burial of ashes can be as low as \$1000 for two people. We can also help you preserve the memory of your loved one with a monument or marker at affordable prices. Please contact Kristi Palmer at 574-292-5923 for a brochure.

♦ Entombment:

Many cemeteries have walls which contain "niches". Niches usually have room for one or two sets of cremated remains. Southlawn provides affordable niches that allow two sets of cremated remains and are constructed of granite.

For a limited time, select niche spaces will be offered at a discount.

♦ Keepsakes:

You may choose to keep a small portion of the cremated remains as a memento and then bury, scatter or entomb the balance. For this reason, jewelry and keepsake urns have become popular. Sample urns and jewelry can be seen on our website under the "merchandise" link or can be purchased at any of our funeral homes as well as Southlawn Cemetery.

♦ Thumbies:

You may also choose to create keepsakes of your loved one with three-dimensional Thumbies, crafted from fingerprints. Finished pieces include charms, rings, key fobs, cuff links and mounted items. Samples and additional information are also available at any of our funeral homes as well as Southlawn Cemetery.
